

# HIGH NETWORTH Investors

## 65,000 High Networth Investors

Stock Market Portfolios over £250,000

Highly Active Traders

HIGH NETWORTH Investors list comprises the most active traders with the largest stock market portfolios in the country. This is the definitive list for wealth management companies seeking to offer strategic investment management that delivers intergenerational transfer of created wealth. Equally, luxury products, high end fashion, interior design and discerning, upmarket products and services will be drawn to this very prestigious audience of wealthy investors.

These High Networth Investors are active in speculative as well as traditional FT 500 companies. The list profiles 70% Male 30% Female.

A survey of Agents of HNW Investors said that the most common communication route to HNW individuals was mail. Finely Fettle provides access to the High Networth Investors list alongside postal communications.
